## Transport regulation for goods shipment on behalf of Innomotics (free carrier)

For goods that Innomotics purchase from you on the basis of the delivery condition FCA “free carrier” (i.e. that the transport costs are borne by Innomotics), we request that you observe the following shipping instructions:

### In General:

Please note that:

- the Innomotics order or purchase order number must be indicated in the freight documents without fail.
- Freight charges from the supplier will not be accepted.
- For FCA shipments, it is mandatory to provide the freight forwarder with the ORGID (= address identifier) of the ordering Innomotics unit.
- The separately specified IOR (“Innomotics Organization Reference”) of the freight paying Innomotics unit must be provided to the forwarder by the supplier.

These are the requirements for the identification for the Innomotics freight release so that the goods shipment can be carried out. If Org ID and IOR number are not known, they have to be requested from the ordering Innomotics unit.

### Dangerous goods consignments:

- For shipments containing dangerous goods, the supplier is obliged to provide the forwarder with the required data (UN-No./Class) for dangerous goods when placing the order.
- The supplier is responsible for the transport packaging, marking and labeling for the commissioned mode of transport.

### Attention:

**If the delivery of the goods does not take place from the supplier's originally ordered country, it is mandatory for the supplier to contact the ordering Innomotics unit, so that the nominated transport service provider for this country can be used.**

**In case of non-compliance, Innomotics will charge the additional costs incurred for freight and administrative expenses.**

# Routing Order Europa für Warenversand von Frankreich nach Deutschland

# Versandvorschrift

## Transportsteuerung für Warenversand im Auftrag von Innomotics FCA (Frei Frachtführer)

Für Waren, die innomotics auf Basis der Lieferkondition FCA „Frei Frachtführer“ von Ihnen bezieht (d.h. dass die Transportkosten zu Lasten von Innomotics gehen) bitten wir um Beachtung der nachfolgenden Versandvorschriften:

### Allgemein:

Wir weisen darauf hin,

- dass in den Frachtpapieren unbedingt die Innomotics Auftrags- oder Bestellnummer angegeben werden muss.
- Frachtkostenbelastungen vom Lieferanten werden nicht akzeptiert
- Bei FCA-Sendungen ist es zwingend erforderlich dem Spediteur die ORGID (= Adresskennzeichen) der bestellenden Innomotics-Einheit mitzuteilen.
- Die separat angegebene IOR („Innomotics Organization Reference,“) der frachtzahlende Innomotics-Einheit muss dem Spediteur vom Lieferanten zur Verfügung gestellt werden.

Dies sind die Voraussetzungen für die Identifizierung zur Siemens-Frachtfreigabe damit der Warenversand durchgeführt werden kann. Sollten OrgID und IOR-Nummer nicht bekannt sein, sind diese bei der beauftragenden Innomotics-einheit zu erfragen.

### Gefahrgutsendungen:

- Für Sendungen die Gefahrgut enthalten, ist der Lieferant verpflichtet, dem Spediteur bei Auftragserteilung, die erforderlichen Daten (UN-Nr./Klasse) für Gefahrgut zu übermitteln.
- Für die Transportverpackung, Kennzeichnung und Beschriftung für den beauftragten Verkehrsträger, ist der Lieferant verantwortlich.

### Achtung:

**Sollte der Warenversand nicht aus dem ursprünglich beauftragten Land des Lieferanten erfolgen, muss der Lieferant zwingend Rücksprache mit der entsprechenden Innomotics-Einheit halten, damit der für das Land nominierte Transportdienstleister eingesetzt werden kann.**

**Bei Nichteinhaltung dieser Transportsteuerung für den Warenversand wird die bestellende Innomotics-Einheit die entstandenen Mehrkosten für Fracht und Verwaltungsaufwand in Rechnung stellen.**

So ordnen Sie Ihre Sendung dem richtigen Transport Mode zu

### Merkmale Paketsendung

- Express/Paketlieferungen EOB / Zeitgenaue Lieferungen (vor 09:00h, vor 10:00 h, vor 12:00 h)
